

3 Things You Can Do To Help Your Library Survive Our Budget Crisis

- **Make a monetary donation, no matter how small**
 - **All funds that are received from donations will be allocated to materials and supplies used to serve the public.**
 - **Join the Friends of the Library and support their fundraisers. Our Friends group is working to raise funds to support critical programs and purchases.**

- **Volunteer**
 - **We are developing a plan to utilize volunteers to assist us in library operations. Please see a staff member to sign up. We will contact you as soon as we have a plan in place to use your services most effectively.**

- **Show your support**
 - **If you believe that the library is a place that provides excellent services to all citizens of our county, please contact your County Council representative. The Library Board has not requested that the County increase taxes on our citizens. Our request is that County Council looks at existing allocation of funding and makes the Library a top priority for the citizens of Union County.**

If you need assistance determining who your Council representative is and how to contact them, we can help you.
